JOHN R. MOHLER, CHIEF OF BUREAU

## SERVICE AND REGULATORY ANNOUNCEMENTS.

OCTOBER, 1921.

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each, or 50 cents a year. A supply will be sent to each official in charge of a station or branch of the bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

**NOTICES REGARDING MEAT INSPECTION.**

---

**EXPORT CERTIFICATES REQUIRED BY VENEZUELA.**

In the future all meat and meat food products for Venezuela should be accompanied by export certificates viséed by the Venezuelan consul.

**MEAT-INSPECTION REPORTS.**

Until otherwise instructed inspectors in charge of meat inspection will discontinue the use of reports on M. I. Form 140, "Monthly report of handling of meats for sterilization and canning."

**PRINTING BLANK NET-WEIGHT STATEMENTS ON MEAT WRAPPERS.**

Complaints have been made to the bureau that the statement "Net weight — lbs. — oz. 'When packed' or 'When wrapped' " applied to wrapped meat by means of rubber stamps is frequently illegible or improperly located. Accordingly, on all supplies of printed wrappers which are prepared in future and which are required to bear the statement of net weight, the blank statement

should be printed and so arranged as to leave sufficient space for the subsequent insertion of the figures by means of rubber stamps, indelible pencils, or weatherproof pencils. Ordinary lead pencils should not be used to insert such figures.

Copies of the new wrappers prepared in conformity with this ruling should be submitted for approval and accompanied by information as to the approval numbers incident to the wrappers representing the exhausted supplies in order that the obsolete approvals may be rescinded and removed from the current files.

#### FROZEN TRIMMINGS ILLEGIBLY MARKED.

Frozen trimmings and other products shipped in molds very frequently are illegibly marked or contaminated on arrival at destination, due to the character of the coverings. At the present time the bureau will not undertake to specify the various materials or combinations of coverings for this product which will give legible marks and prevent contamination, but it is obviously important that proprietors and operators of official establishments should promptly correct these unsatisfactory conditions. Inspectors in charge will report by letter to the Washington office full details covering consignment of such product when received in unsatisfactory condition as to marking or adequate protection.

#### COVERING FOR BARRELS.

By providing adequate covering for barrels in which fresh meats are shipped, proprietors and operators of official establishments may lessen the necessity for condemning a considerable portion of such products on account of soiling in transit.

#### SECOND-HAND CONTAINERS.

Second-hand containers brought to official establishments frequently are soiled even to the extent of being contaminated by offensive and decomposing materials accompanied by flies. It is therefore important that second-hand containers be excluded from compartments, platforms, and docks where edible products are prepared or handled until such containers have been inspected and cleaned as required by the regulation governing sanitation.

### AMENDMENTS TO THE TRAVEL REGULATIONS.

By memorandum 353 of the Office of the Secretary of Agriculture, dated October 18, 1921, sections (e), (h), and (m) of paragraph 3, and paragraph 22 of the Travel Regulations are amended to read as follows:

3.—*Actual traveling expenses.*—(e) Street-car, transfer-coach, and omnibus fares, if the charge is not in excess of locally prevailing rates. Personal transfers as herein provided between hotels when satisfactorily explained. Tips to drivers and chauffeurs will not be allowed. Transfers of baggage when the charge is not in excess of locally prevailing rates: *Provided*, That an employee may properly choose his residence in a suburb of his official station, and personal transfers and transfers of baggage as herein provided will be allowed between such residence and the depot at his official station at the beginning and termination of official travel. When properly explained, storage charges may be allowed on baggage. In case of public necessity taxicab hire will also be allowed, but a satisfactory explanation of necessity must accompany claim. Unless such public necessity is shown, taxicab hire will not be allowed in the following cases:

1. If the depot, hotel, or other place the employee is required to visit on official business is within walking distance.
2. If due to inclement weather.
3. If due to unfamiliarity with the city.
4. If due to the fact that hand baggage is being carried. *Provided*, That street-car and other fares incurred between place of lodging or where meals are taken and place of duty shall be charged as an item of subsistence. (See pars. 3 (h) and 22.)

(h) Customary charges for subsistence, except as provided in paragraph 3 (r), not to exceed in the aggregate \$5 for any one day. These charges will include all expenses incurred for meals, lodging, bath, personal use of room at hotel during the daytime, waiter fees not exceeding 30 cents in any one day, laundry, telegrams to hotels reserving accommodations, to be included in subsistence expenses for the initial date of the period for which the accommodations are occupied, *street-car and other fares between place of lodging or where meals are taken and place of duty*, and all other subsistence expenses. A charge for lodging at a hotel and a charge for sleeping berth for the same night will be allowed only when accompanied by a definite statement of necessity. Charges for laundry at an average rate not exceeding 20 cents a day for each day while in travel status; total charges paid for any period to be included as subsistence charge within the \$5 limit for the day on which payment is made, but when several accrued charges are paid on one day, and such fact is indicated by the subvoucher, each charge may be included as a subsistence expense on the date on which it accrued. Receipts for laundry must be submitted or a statement filed with reimbursement account showing the impracticability of obtaining such receipts. Charges for laundry at official headquarters at the termination of trip will not be allowed: *Provided*, That because of State laws reimbursement for the payment of any fee herein mentioned will not be allowed in Arkansas, Georgia, Mississippi, South Carolina, or Tennessee.

(m) Purchase of medicines for personal use, when injuries are received or disabilities incurred while performing official work.

22.—*Classification of traveling expenses.*—The following classification of travel expenses will be of assistance to employees in preparing their reimbursement accounts:

#### SUBSISTENCE.

Baths.  
Laundry.  
Lodging.  
Meals.  
Personal use of room in daytime.  
Telegrams reserving rooms.  
Waiter fees.

*Street-car and other fares between place of lodging or where meals are taken and place of duty.*

#### TRANSPORTATION.

Baggage transfers.  
*Street-car and other fares on official business except when incurred between place of lodging or where meals are taken, and place of duty.*  
Checking baggage at depots, hotels, docks, etc.  
Excess baggage.  
Parlor-car-seat fare.  
Porter fees on steamers, sleeping or parlor cars, and at depots, hotels, and wharves.  
Railroad, steamer, or stage-coach fare.  
Rent of room for official business.  
Sleeping-car fare.  
Stateroom or berth on steamer.  
Steward fees, cabin, or deck.  
Storage charges.  
Telegrams reserving berth.  
Paragraph 19 is also amended by omitting the following section:  
(1) Registration fees on official mail in the field.

### AMENDMENTS TO ADMINISTRATIVE REGULATIONS.

#### EMPLOYEES VISITING INDIAN RESERVATIONS.

Memorandum 350 of the Office of the Secretary of Agriculture, dated September 27, 1921, reads as follows:

In accordance with the suggestion in letter received from the Department of the Interior, dated September 21, 1921, paragraph 52 of the Administrative Regulations of this department is hereby amended to read as follows:

52.—*Employees visiting Indian reservations on official business; notification.*—Whenever a representative of the Department of Agriculture, in carrying out any cooperative agreement with the Department of the Interior, shall find it necessary to visit any Indian reservation, the superintendent of such reservation shall be promptly notified thereof, and whenever such visitation is for any other purpose the consent of the superintendent shall first be obtained. Representatives of this department about to visit any Indian reservation on official business should provide themselves with proper credentials, preferably department identification cards.

#### LEAVE WITHOUT PAY.

By memorandum 352 of the office of the Secretary of Agriculture, dated October 18, 1921, paragraphs 43, 132, and 133 of the Administrative Regulations are amended to read as follows:

43. *Educational opportunities and outside employment.*—It is the policy of the department to encourage employees to take educational training, provided this work does not interfere with the performance of their regular duties.

(a) Leave of absence without pay to take advanced training or carry on graduate work in recognized educational institutions will be granted whenever advantageous to the service. Arrangements for such leave should ordinarily be made some time in advance. Applications must indicate the name of the institution the employee desires to attend, and the course or courses to be pursued, and must bear the approval of the chief of bureau concerned, who shall certify that the employee can be spared for the time required without detriment to the public service.

(b) When it appears to be to the advantage of the department employees may be transferred to part-time employment and be permitted to take advanced training or graduate work in connection with recognized educational institutions.

(c) Employees engaged on work connected with agricultural colleges, experiment stations, or similar public agencies, may be retained on the rolls at a nominal annual salary or on a per diem basis when it is deemed desirable that they should, in some way, continue their connection with the department in order to establish or maintain cooperative relations. Each case must receive the approval of the Secretary upon the recommendation of the chief of the bureau involved.

(d) Ordinarily furlough or leave without pay will not be granted employees to engage in private or commercial work. However, the Secretary will consider applications for furlough or leave without pay from employees who wish to engage in outside undertakings. Such applications must indicate clearly the activity in which the employee proposes to engage and must bear the approval of the chief of the bureau concerned, who shall certify that the employee can be spared for the time required without detriment to the public service.

132. *When granted.*—Leave without pay may be allowed on account of sickness when the regular leave has been exhausted.

Pursuant to paragraph 43, leave without pay may also be granted to employees to enable them to take advanced training or carry on graduate work in recognized educational institutions, and to engage in private or commercial work.

133. *Leave or furlough without pay.*—Application for leave of absence without pay for 30 days or less must be made on the form "Application for leave" prescribed by the department and shall be forwarded with the recommendation of the chief of bureau to the chief clerk of the department for approval. Applications for leave of absence without pay in excess of 30 days must be accompanied by a formal recommendation addressed to the Secretary and forwarded to the chief clerk of the department for consideration and transmission to the Secretary. The application or recommendation must state the reasons for taking the leave without pay, the length of time the applicant desires such absence to continue, whether the applicant expects to engage in outside work during such leave and, if so, the nature of the work. (See paragraphs 43 and 44 of these regulations.) In no case shall leave without pay be taken until the applicant has been advised of its approval.

### CALENDARS FOR 1922.

Officers in charge and individuals reporting direct to Washington will please indicate in their stores requisitions for December 1 orders for the wall calendars they will require for the year 1922. One wall calendar should be sufficient for each room occupied as office or laboratory, and orders should be for a minimum number.

The bureau has discontinued the purchase of desk calendar pads and stands for field stations. However, stations now equipped with such stands may procure pads for the same for 1922 by ordering on their stores requisitions for December 1 the number required, indicating the make of the stand for which intended—that is, whether, Gem, Handy, Daily, etc. These calendars and pads may not be forwarded with the other supplies ordered on such requisitions, but an effort will be made to get them to the stations before the first of the new year.

*In this connection attention is called to the notice headed "Advertising matter not allowed in Government offices," in Service and Regulatory Announcements for November, 1915, page 127.*

### TELEPHONE VOUCHERS.

All telephone vouchers, Form 5, for telephone service and tolls submitted to Washington for settlement should invariably show on the face thereof in abbreviated characters the appropriation or appropriations from which they are payable, together with the project symbols and the amount chargeable to each project.

Compliance with these requirements is necessary in order that the expense covered by the vouchers may properly be accounted.

### RESULTS OF PROSECUTIONS FOR VIOLATIONS OF LAWS.

Penalties have been imposed in prosecutions for violations of regulatory laws, as reported to the bureau, as follows:

#### Live-Stock Quarantine Law.

Chicago, Rock Island & Pacific Railway Co., \$100 fine and costs.

International & Great Northern Railway Co., \$100 fine and costs.

#### Twenty-Eight-Hour Law.

Central Railroad Co. of New Jersey (3 cases), \$300 fines.

#### Meat-Inspection Law.

Lehigh Valley Railroad Co., \$50 fine.

### NEW PUBLICATIONS OF THE BUREAU.

[The bureau keeps no general mailing list for sending publications to individual employees. When a new publication is issued one or more copies are usually sent to each officer in charge of a station. If additional copies are desired for distribution to members of the force or for other use they will be sent on request, if possible. Individual employees who wish to obtain any of the publications listed here should apply first to the local officer in charge. If he has no extra copies, application may then be made to the Washington office.]
